

E-Commerce. Payments. Solved.

”

CDI delivered a great web site for our customers that was simple to use and supported product personalization with dynamically rendered engraving.

With real-time JD Edwards integration built into ERP2Web, we are able to meet the time-critical fulfillment needs of our customers.

- Sarah Bowling

Director, Customer Experience and Delivery
Batesville Casket Company

Leveraging new tools to redefine your channels and serve customers in new ways can seem out of reach for many B2B companies.

With CDI Technology, large scale ERP investments, complex configurations and varied payment options become a competitive advantage.

If you are behind your competition in reaching e-commerce excellence, you are missing out on the revenue revolution that online self-service can provide.

CDI's real-time integrated ERP e-commerce and payments solutions deliver digital transformation that can truly redefine your channel excellence and efficiency.

Let CDI Technology help you imagine, design, and implement opportunities to extend the value of JD Edwards.

Digital Channel Excellence and Efficiency

erp>>web

DIGITAL TRANSFORMATION

Real-time integration with JD Edwards means ERP2Web delivers advanced e-commerce capability and features for B2B without high effort, high cost additions to the total cost of offering e-commerce.

ERP2Web has the ability to handle complex quoting, ordering and pricing including JDE's configurator module, on any device.

Extended, responsive, flexible and fast order entry and purchase features enhance user experience.

CDI tears down the e-commerce barriers your company is facing and brings you online quickly with our skilled implementation teams.

snap>>pay

OPTIMIZED PAYMENTS

Streamlining your customer's payment ability in a highly secure environment provides a seamless experience for you and your customers. SnapPay is PCI PA-DSS validated.

The SnapPay payment application provides features like bill presentment via a comprehensive customer payment portal.

snap>>pos

OMNI-CHANNEL COMMERCE

With SnapPOS easy point-of-sale solutions, you are enabled to imagine new possibilities for growth.

Count on CDI to help make every opportunity for conducting business accessible.
